Testimony from Home!

Baltimore, Sept. 11, 1851.

Mesers: Mortimer & Monwbray: I feel it a duty to make known the benefits I have derived from Dr. Hampton's Tincture. For a length of time I have been subject to great prostration of muscular power, and great debility of the nervous system, accompanied with palpitation and fluttering of the heart. I had such sudden attacks that on one occasion I could soarcely get home. I making mention of my case to a friend, he referred me to Joseph R. Stapleton, eaq., an old and highly respectable citizen of Baltimore, who had used the Tincture under similar circumstances. I called on Mr. Stapleton, and, after an interview of some minutes, I was fully satisfied of the medical virtues of the Tincture, from the evidence before me, of his own person, who, for some time previous, indicated a failing state of health, but now a hearty, hale appearance, with the activity of youth. I immediately commenced using the Tincture, and, before I took the contents of one bottle, my trength was received, and I can weak as brisk and am as active as I was twenty years ago. This Tincture is the grand restorative of the digestive organs, which when destroyed, the whole system is in a state of suffering.

I do assert it is no humbug, but is, in reality, what it is represented to be by Dr. Hampton, the inventor.

REV. VERNON ESKRIDGE, U. S. N.

PORTSMOUTH, (Va.,) Aug. 18, 1851.

Mr. J. E. Bouth—Dear Sir: Whi e I am in general opposed to Patent Medicines, candor compels me to state that I have great confidence in the virtues of Hampton's Vegetable Tincture. For several months past I have used it in my family, and in Dyspepsia, loss of appetite, distriness, and general debility, with entire success. So far as my experience extends, therefore, I take pleasure in recommending it to the afflicted as a safe and efficient remedy.

I am, respectfully, yours, VERNON ESKRIDGE, Chaplain in the U. S. Navy.

COTTON PLANT,

SOUTHERN JOURNAL, PUBLISHED WEEKLT, TO ADVOCATE DIRECT TRABE, MANUPACTURES, AGRICULTURE, AND THE DEVEL OPMENT OF SOUTHERN RESOURCES.

BY C. G. BAYLOR, WASHINGTON, D. C.

THE importance of such a journal as the above needs no exposition. The material and substantial interests of the South have been too long neglected. The "Corron Plant" is established to promote these interests, keeping entirely aloof from party or party politics. A complete foreign and domestic correspondence has been arranged. The best talent of the country will contribute to our columns, which will present a medium of general communication, correspondence, and information for the friends of the measures we advocate. The proper steps have been taken in Europe and America to lay the foundation of a direct foreign trade at the South, and to introduce our coarse manufactures into the continental European market. One object of the "Corron Plant" will be, as the organ of direct trade, to stimulate the South to carry out this important measure.

We call upon the Southern merchants generally to send us their business cards, that we may lay them before the country, to enable the friends of Southern commerce, manufactures, &c., to discriminate properly in their desire to premote Southern enterprise.

The importance of Washington City, as a point of location for such a journal, especially in regard to opening foreign correspondence and promoting our foreign relations, is apparent. The opportunity of seeing here, also, members of Congress from every district of the country, presents means of general co-operation not to be found elsewhere.

To the Cotton, Sugar, Ries, and Tobacco Planters, we look confidently for support; and to the friends of "Direct Trade" throughout the South we say, "show your faith by your works."

The regular issue of the "Cotton Plant" will commence in June next. Advertisements are particularly requested to En June next. Advertisements are particularly requested to En June next. Politicians Trapped.

The New York Herald-one of the most talented and racy journals extant, and which can well afford to be jolly and comico-political, being conducted by a gentleman of foreign birth and prejudices, who is, no doubt, without any sentiment of respect for the American people or their institutions-thus discourses of the R. G. Scott correspondence and a fraudulent transaction some time since perpetrated through its own columns

"IMPORTANT INFORMATION WANTED .-- A COTrespondent suspects that Donaldson and Greer, who got up the curious political correspondence with the Democratic politicians of the country ast year, and the recently-famous Robert G. Scott, of Richmond, are one and the same person. He would like to know, from any quarter, whether his suspicions are correct. It will be remembered that Donaldson and Greer caught a good many of the politicians by their 'popping the question' to them, and that Robert G. Scott, if he be the same man, has improved upon his first effort, and bagged about a dozen candidates by the first enap of his rifle. Can any one iden-tity Donaldson and Greer, of New York, with Robert G. Scott, of Richmond?"

The great success of the New York Herald is a striking illustration of the certain reward in this country of talent, industry, and energy, as well as of the tolerance of the spirit of the American people, which permits them thus to cherish a foe to every sentiment of Americanism, morality, and oftentimes even of common decency.

The New York Tribune remarks that the European news embraces nothing of interest but
